2022

What are you doing for Lent ? If you want a change for the traditional approach of sacrifice and self-denial, then observe this Lent by making it a time of quiet reflection. This course is for those who want to explore their relationship with God, for those who seek to know Christ and the power of his resurrection.

In this course, taking us through Lent in a series of one-hour sessions, we shall explore five of Jesus' prayers to his Father as he moved towards the Cross, and follow his lead in prayer as we grow closer to God.

What better time to explore the prayers of Jesus than during Lent. As we explore these prayers of Jesus to his Father, we too will grow in faith, hope and love.

Two Groups will meet
